

GREAT TEW PRIMARY SCHOOL

Una Tibbetts, Associate Member

I first joined the Great Tew community in 2006 as a Class Teacher, originally it was to cover maternity, however the opportunity came up for me to stay, and I did. Throughout the years I have taught in all age groups and worked alongside a committed, enthusiastic staff.

Due to family commitments I gave up my teaching post in 2014, however, I wanted to remain a part of the school community and continued doing cover work. I then joined the Board of Governors in 2016. It has been a steep learning curve, but is very rewarding.

Great Tew provides a wonderful, nurturing and inclusive environment, with an amazing teaching and educational support team who work tirelessly for our children's development. Our role as a governing body is to support and challenge that team in equal measure, and to help them face a constantly changing regulatory environment.
