

Alice Llewelyn

I joined the School's Governing Board as a parent governor in June 2022. I have two children at the school and wanted to become a governor as I love the school and want to support it where I can.

I started my career in property investment before retraining in 2011 as a teacher. Since then, I have worked in secondary education, both mainstream schools and alternative school provision settings. I am enjoying the challenge of seeing the workings of the school from a different perspective, and hope to be able to make a positive contribution to the life of the school.

I believe in a rounded education, encouraging the different strengths of the children and offering them as wide a range of experience as possible. It is a privilege to play a small part in helping our school continue to produce kind, confident children who are well-prepared for the next stage.
